

USE YOUR ILLUSION

Since 2002, GUNS 2 ROSES have become the biggest GNR tribute in history with the credentials to prove it.

Capturing the spirit of Guns N Roses so naturally fans think it's the real thing, the six-piece has played to thousands throughout the UK, Europe, Middle East & the US, headlining festivals, appearing on TV, newspapers and magazines across Europe.

With ever-changing authentic stage and outfits to catch the era and stage performances down to the last detail, the band even throws in songs never performed live by GNR. They are also the only GNR tribute to perform with members of both the old and new Guns N' Roses lineup.

Media favorites, targets of the paparazzi, & always with a new surprise up their sleeves, G2R are truly legends themselves.
